WOMEN'S FALL 2018

ON THE ROAD TO ADVENTURE

Take off on a multi-day hike into the backcountry. Fly-fish a world-class river. Explore an ancient civilization. Regardless of where you find adventure, a big part of the journey is getting there. That's why, along with outfitting adventure, we also outfit adventure travel. Our new Fall Collection is a perfect example. The pieces are lightweight, easy-packing, and versatile, with options for any climate and condition. They can keep you warm or cool, give you shelter or shade, and live indefinitely out of a pack or bag (also part of the collection). All journey tested. All guaranteed for life.

$\textbf{NEW BC EVERTHERM}^{\text{\tiny{M}}} \ \textbf{DOWN JACKET}$

\$499 US / \$639 CAD

The lightest waterproof down jacket we've ever built. Last year, our award-winning EverTherm Jacket set a new standard with the revolutionary Thindown® fabric that eliminates the need for quilting or baffles. This new edition increases the Thindown to 45g and adds the waterproof/breathable protection of our WeatherEdge® Pro technology for the ultimate in sleek, guide built cold-weather shelter. Black, Pimento.

- INSULATED, ADJUSTABLE HOOD; SECURE ZIP POCKETS
- ADJUSTABLE DRAWCORD HEM

The evolution of the down jacket. EverTherm is our warmest insulation technology and the warmest, lightest jacket we've ever built. Premium Down is engineered into a thin, low-profile layer that eliminates cold spots—all with a fraction of the loft needed to generate and preserve warmth. Onyx, Dark Berry, Viola.

- LACK OF QUILTED CHANNELS ENHANCES WARMTH AND THINS PROFILE
